Dhigali is... Pure Maldivian Bliss

Castaway villas + overwater bungalows dot the island's crystal blue perimeter. The house-roof teems with iridescent life. Beyond the lagoon, the depths of the sea promise unforgettable sights. To set foot on Dhigali's sands is to escape into an adventure. On land, at sea or underwater, the thrill of discovery awaits.

Dhigali Maldives prides itself on the preservation of 80% of the original vegetation of the island. The "Jungle" that is located in the centre of the island has been untouched and provides an insight into the islands of old. The "Jungle walk" which is a one of the unique places to visit embraces the look and natural feel of time gone by. All plants used in the landscaping around the buildings consist of indigenous varieties, which have also created a home to more than 20 different species of birds.

A warm Maldivian welcome extends to all guests at Dhigali. Innovation in design, breath-taking scenery + inspired, intuitive service creates a truly sublime island experience. The all-inclusive premium experience means every element of your holiday has been carefully crafted to ensure it is as fun + stress-free as possible.
