

DHIGALI
MALDIVES

An aerial photograph of a tropical island resort. The island is lush with green palm trees and is surrounded by clear, turquoise water. A long, curved wooden walkway leads to a series of overwater villas built on stilts. The villas have white roofs and are arranged in a semi-circular pattern. On the left side of the island, there is a sandy beach with a few palm trees and a small structure. In the background, more buildings and a pier are visible on the island. The sky is a deep blue, and the overall scene is serene and picturesque.
