Spa and Wellbeing

Spa Re opening at Dhigali What's New?

In addition to the high standards of cleanliness and hygiene already practiced in the Spa Experience, we have implemented additional sanitization and social distancing measures to protect the health and safety of guests and staff during this time.

We have refreshed the spa as well as our team during the closure time and now we have welcomed back our guests with that same friendly and professional service the Spa is known for.

It seems that the pandemic has created a lot of excitement and need for that long awaited pampering.

The demand has been steady and our guests are not only looking forward to experiencing a mask free vacation, but once again being a priority themselves.

You know things are coming back to normal when you see both relief and a big smile on the faces of our guests.

We invite you to come and visit us here at Dhigali spa.

Allow us to take good care of your spa needs while enjoying your stay.

For your comfort and convenience you may book an appointment using the Dhigali app which is readily available once you arrive. If you are new to the Spa experience, we are more than happy to assist you with all the spa information that you may need.
