DHIGALI MALDIVES

A slender coral cay in the Raa Atoll, Dhigali Island is pure Maldivian bliss. Ringed by coral + kissed by the sun, this is a luxury hideaway with a difference.

Awards

Dhigali Maldives is proud to announce that our resort has been selected to receive a 2019 BRIDES (USA) Honeymoon Award Dhigali Maldives – The Best Honeymoon Getaways! The BRIDES Honeymoon Award is granted to the top picks in hotels and resorts that tick off all of the important elements that make up a perfect honeymoon getaway.

Renewal of Vows

Turn this day into something you've always imagined in the island paradise of the Maldives. Couples are invited to select the package that suits to their most awaited moments. All details on our website: <https://www.dhigali.com/downloads>

Kids Club

Dhigali Kids Club "Play" will take good care of our 4 to 12-year-old guests, providing them with exciting activities to keep them occupied.

Indoor + outdoor fun is free at Dhigali's Children's Club

We enhanced our kids club by adding kids friendly educational games and toys to keep the kids engaged in a more interactive way without involving any technology which allows the children to also de-programme from our normal daily life. Children can join our daily activities, where each day is a discovery and a different theme. Play Kids Club is a "little world" of knowledge and entertainment, where everyday day is an adventure of learning.

Jade Restaurant

Enjoy dining amidst cool breeze, glimmering waters and ocean views. The restaurant is a welcoming hub ideal for quick snacks and light bites during the day. We are happy to introduce a new Modern Asian fusion Dinner menu with a twist. As the sunsets, the restaurant transforms into a unique setting complementing a fusion of flavours from Asia. Enjoy a dining experience that is contemporary, simple and showcases the creativity of Dhigali Maldives. Amazing selections of dishes that have their origin from Southeast Asia prepared by Chef with the same ethnic background served in a breath-taking contemporary environment. Cuisines and Flavours from major Asian Cities known for their unique taste. Fresh Asian dishes served in an elegant way.

the Island Experience

Sustainable Water in Dhigali Maldives

Sustainable Water in Dhigali Maldives We take great pride in our commitment to provide green and sustainable initiatives. One of these green initiatives is to eliminate the use of plastic water bottles and move towards reusable glass bottles using a specially designed eco-friendly water filtration system.

It is with great pleasure that we share the exciting news that Dhigali Maldives resort, has set up a water bottling plant this month and thereby have bid farewell to large amounts of plastic.

The facility, which is subject to strict hygiene standards to ensure the highest quality of water, uses reverse osmosis technology: high pressure pushes sea water through a semi-permeable membrane that holds back any unwanted substances. The water is then mineralized, chilled and ready to be enjoyed by our guests.

The introduction of the water bottling plant is an important element in the resort's eco-friendly endeavors and a commitment to the protection of environment in the day-to-day operations.

Jungle Educational Road

We have preserved around 80% of the original vegetation of the island Dhigali Maldives offers you a walk down the tropical jungle trail of the island. The "Jungle Walk", as it is named.

This activity will give you a real sense of belonging to nature, and offers the chance to see the island in all its natural glory of when it was not inhabited. Walking down the jungle path, you are bound to find one of the wooden benches, secretly tucked away blending into the surrounding—a sanctuary in its own, allowing you to connect with nature while you set and gaze through the thick canopy towards the vast open ocean.

Universal Foundation Clean-up Project

Dhigali team proudly took part in the first Clean Up event of Universal Foundation, Clean- Care-Preserve event held on March 2019. In support of this environmental initiative, more than 300 members across the company volunteered to take part in the vital. Event. The main focus of the initiative was streamlined to cleaning sites in Hulhumale', such as the arrival jetty and harbour area.

We are delighted to introduce our latest activity - parasailing is such a humbling and magical experience that nothing else compares! Breathtaking, experience the thrill to see the beautiful islands of Maldives from high above, take a look deep into the water and spot dolphins, manta rays or schools of fish moving below the water's surface.

We are currently in the manta season in Raa Atoll and we consider ourselves very lucky to have a specific reef just 15 min away from Dhigali by speed boat where the manta rays gather very often for feeding.

Our guests have an opportunity to join our Manta Ray private snorkeling trip. For honeymooners or families alike, it is a very unique experience to get the change to swim alongside these gentle giants of the Indian Ocean.
